

Compact PA System

Series

KQ Series

Features

- The high power SMPS amplifier mounted on the subwoofer is a 3-channel.
- Class-D amplifier with DSP processing.
- MH limiter protects the column speaker from overload while also produce perfect sound owing to lower distortion near threshold.
- LC limiter allows tighter low-end punch as more efficient energy is being used but.
- less kicks appear. It will safeguard the speakers against the damage of inharmonic distortion.
- Subsonic filter protects power amp and speakers from harmful ultra-low frequencies.
- Optional RCA line input achieves flexible application.
- Built-in Bluetooth receiver realizes control and listening to music wirelessly.
- The newly developed, integrated mounting pole enables far more convenient connection and selection of sound coverage angle.

Specifications:

Model	KQ-800 TOP	KQ-800 SUB
Type	Column Speaker with Bluetooth	Subwoofer
Rated power	50W	200W
Frequency response	180Hz-18KHz	40Hz-250Hz
Impedance	16 ohm	8 ohm
Input Sensitivity	----	0.775V
sensitivity	81dB(1W/1m)	/
Maximum SPL	101dB	114dB
Low pass frequency	----	20-250Hz
Protection circuit	----	Opto-limiter, Subsonic filter
Functions	Bluetooth, USB, SD or TF inputs, FM, record function with digital display and remote controller, different version optional.	
Product/Shipping dimension(WxDxH)	467×94.5×116.5/ 203×168×1038 (×2) mm	290×330×400/ 709×487×422(×2)mm
N.W/G.W	2.5kg/3.5kg	11.0kg/12.0kg

Description:

The KQ-800 is an up-to-dated big power but extra compact active speaker set. The full-range column speaker is coming with sturdy aluminum alloy housing. Excellent impact resisting performance, elegant finishing with glossy PU paint against scratch and smart structure in a very compact package makes the speaker ideal for a great variety of applications The subwoofer is equipped with high damping factor woofer component, delivering emphatic and rich lows. Precise port designs not only help the speaker to keep clear and good sound but also, lower noise and minimize distortion. User-friendly mounting pole realizes fast connection and optional sound coverage. Music city is surely a smart solution at home or for those public places such as schools, hotels, shops, markets, small parties, etc.
